How is the test taken?

We will take pictures while your working and of your facepaints. You have to keep in mind what we will be watching for and make it visible in the paint. Mind the following: do not use glittergel or glitter untill the photos for the jury have been made and try to avoid light shiny colors. They do not show well on a photo. Make sure you have atleast

- 1) an animalpaint
- 2) a characterpaint which shows your knowledge of anatomy
- 3) a design with a lot of teardrops and curls/ swirls

What do we judge on the spot:

- Choice of material
- Attendance material and workspace
- Supporting to long with a hand on top of the head of the child/model
- Working attitude and contact with the model
- Right brushtechnique
- Done within 10 minutes.

What do we judge on the photos taken:

- Line thin, thick, thin
